Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
A person struggling with multiple debts	Manage and repay my debts efficiently	I don't know which debt to pay first or how to negotiate with lenders	I lack financial knowledge and personalized guidance	Self-employed with a good credit history.	Stressed, confused, and worried about my financial future
