

## Communication

|                      |                                                      |
|----------------------|------------------------------------------------------|
| <b>Date</b>          | 12 JULY 2026                                         |
| <b>Team ID</b>       | -                                                    |
| <b>Project Name</b>  | AI Powered Debt Relief & Financial Recovery Platform |
| <b>Maximum Marks</b> | 1 Mark                                               |

### Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle, including how updates, issues, and feedback were managed.

| S.No | Communication Type     | Frequency | Channel / Tool         | Participants    | Purpose                 |
|------|------------------------|-----------|------------------------|-----------------|-------------------------|
| 1    | Team Standup           | Daily     | WhatsApp / Google Meet | Bhumika Pandiri | Checking progress daily |
| 2    | Progress Update        | Weekly    | Google Meet            | And mentor      | Checking progress daily |
| 3    | Issue / Bug Discussion | As Needed | WhatsApp / GitHub      | “               | Checking progress daily |
| 4    | Stakeholder Review     | Bi-Weekly | Google Meet            | “               | Checking progress daily |
| 5    | Final Demo Rehearsal   | Once      | Google Meet            | “               | Checking progress daily |

### Communication Challenges & Resolutions:

| S.No | Challenge Faced                                                      | Resolution / Action Taken                                                                      |
|------|----------------------------------------------------------------------|------------------------------------------------------------------------------------------------|
| 1    | Difficulty coordinating team members due to different schedules      | Conducted online meetings through WhatsApp and Google Meet to ensure everyone stayed updated   |
| 2    | Technical issues during backend integration and GitHub collaboration | Used GitHub for version control and held discussion sessions to resolve issues collaboratively |
